

# Cannabis & Light

Discover the full potential of your cannabis grow.

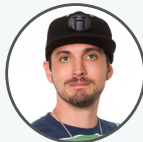

Join us for our **free cannabis workshop** in Copenhagen! Featuring talks by two of our in-house experts in all things cannabis, lighting, and horticulture, time for open discussions, and with **complimentary food** - this is not an event to be missed!

Spaces are limited so be sure to **RSVP soon!**

**Johan Lindqvist, Technical Solutions Manager.**

- Properties of light and its effect on plants.
- Designing a grow room setup for optimal light use.

**Ryan Wankel, Grower Liaison.**

- Cannabis cultivation techniques using LED's.
- Increasing secondary metabolite production through specialized spectrums.

**Where:**

Comfort Hotel, Vesterbrogade 23,  
Copenhagen, Denmark.

**When:**

March 19<sup>th</sup>, 2020.  
12:00 - light lunch.  
13:00 - workshop start.
